

2017 Syrah North Coast

Here is a wine that comes along only every so often. Driven by Mother Nature rather than market forces, this 100% Syrah is a blend of all of our favorite vineyards. Just because they are our favorites doesn't mean that they don't disappoint in some years. 2017 was one of those years that made it very difficult for us to carry out our desire to bottle these vineyards on their own as vineyard designated wines. So for 2017 you get all the great terroirs blended together to make one very compelling and over delivering bottle of Syrah.

100% Syrah

100% Whole Cluster

Bottled without any fining or filtration

3.70 ph

12.6% Alc by Vol

Tasting Note:

Explosive aromas of sweet blackberry liqueur are highlighted by black pepper, pomegranate, violets and fresh green olive scents that develop and evolve with air and become even more exotic. Fresh and bright in the mouth with real density of flavor and concentration. A carbonic pop enlivens the intensity making this pure Syrah very satisfying on its own with a good chill or served alongside a burger off of the grill or with that famous one pot stew that you love making this time of year.
